Flight Booking:

Main Menu Screen Shot:

Flight Search:

A screenshot of a web browser displaying the 'Fly Away Booking Portal' flight search form. The browser's address bar shows 'http://localhost:8080/FlyAway/flightinfo.html'. The page features the title 'Fly Away Booking Portal' in a large, bold, black serif font, followed by the subtitle 'Flight Search'. Below the title, there is a form with the following fields: 'Enter Date of Travel:' (a text input field), 'Traveling From:' (a dropdown menu with 'India' selected), 'Destination:' (a dropdown menu with 'UK' selected), and 'Number of Persons:' (a dropdown menu with '1' selected). At the bottom of the form, there is a 'Next' button. The browser's tab is labeled 'Flyaway'.

Enter Date of Travel:	
Traveling From:	India ▼
Destination:	UK ▼
Number of Persons:	1 ▼
	Next

Selecting Date of Travel:

The screenshot shows a web browser window with the URL `http://localhost:8080/FlyAway/flightinfo.html`. The page title is "Fly Away Booking Portal" and the section is "Flight Search". The form has four input fields: "Enter Date of Travel:", "Traveling From:", "Destination:", and "Number of Persons:". A calendar for October 2021 is displayed, with the date 22 highlighted in yellow.

October 2021						
Su	Mo	Tu	We	Th	Fr	Sa
					1	2
3	4	5	6	7	8	9
10	11	12	13	14	15	16
17	18	19	20	21	22	23
24	25	26	27	28	29	30
31						

Specifying Source, Destination and Number of Passengers:
Click Next

The screenshot shows the same web browser window, but the form is now filled out. The "Enter Date of Travel:" field contains "10/30/2021". The "Traveling From:" field has a dropdown menu with "India" selected. The "Destination:" field has a dropdown menu with "USA" selected. The "Number of Persons:" field has a dropdown menu with "2" selected. A "Next" button is visible at the bottom of the form.

Enter Date of Travel:	10/30/2021
Traveling From:	India ▼
Destination:	USA ▼
Number of Persons:	2 ▼
	Next

Admin Login:

Click on Admin Login

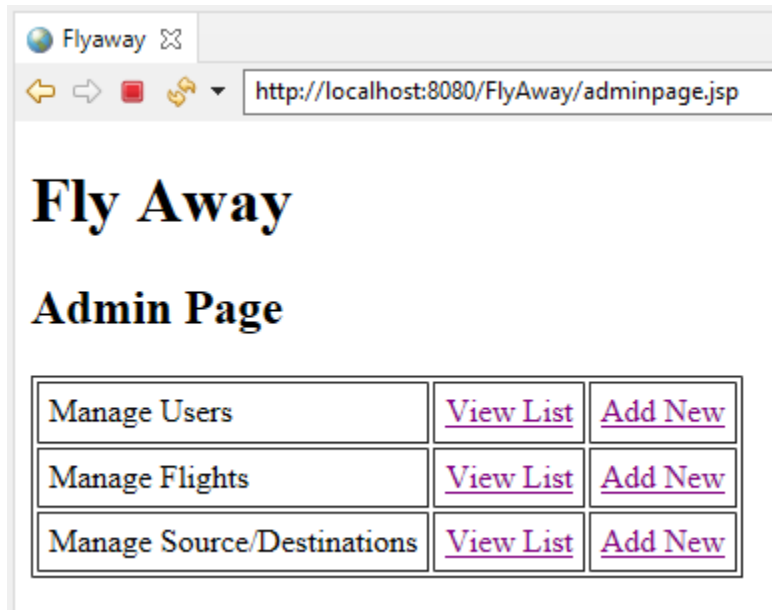

Provide admin credentials:

Provide username and password and click login (admin/admin)

A screenshot of a web browser window showing the 'Admin Login' page. The browser's address bar shows 'http://localhost:8080/FlyAway/login.html'. The page has a title 'Fly Away' and a subtitle 'Admin Login'. Below the subtitle, there is a login form with three rows. The first row has a label 'Login ID:' and a text input field with placeholder text 'Enter Username'. The second row has a label 'Password:' and a text input field with placeholder text 'Enter Password'. The third row has a button labeled 'Login'.

Application Administration Page:

Manage Users:

View all users:

To reset user's password, click on "Reset Password"

Reset Password:

Type new password and click “Reset Password”

The screenshot shows a web browser window with the title "Flyaway" and the URL "http://localhost:8080/FlyAway/user-form.jsp". The page content includes the heading "Fly Away" in a large, bold, serif font, followed by "Password Reset" in a slightly smaller, bold, serif font. Below the heading is a form with two rows. The first row contains a label "Type New Password:" and a text input field with six dots. The second row contains an empty text input field and a button labeled "Reset Password".

Add New User:

To add new user, click on “Add New”

The screenshot shows a web browser window with the title "Flyaway" and the URL "http://localhost:8080/FlyAway/adminpage.jsp". The page content includes the heading "Fly Away" in a large, bold, serif font, followed by "Admin Page" in a slightly smaller, bold, serif font. Below the heading is a table with three rows and three columns. The first column contains labels for management actions, and the second and third columns contain links for viewing lists and adding new items.

Source/Destinations:

The screenshot shows a database management interface. On the left is a 'Navigator' pane with a tree view of schemas. The 'demo' schema is expanded, showing a list of tables: customer, customers, destinations, flightdetails, instructor, passengerdetails, and users. The 'demo' schema is selected. The main area on the right has a tab labeled 'destinations' with a close button. Below the tab is a toolbar with icons for file operations and execution. The query editor shows a single query: `1 • SELECT * FROM demo.destinations;`. Below the query editor is a 'Result Grid' tab, which is active. It displays a table with two columns: 'id' and 'destination'. The table contains four rows of data: (1, INDIA), (2, USA), (3, UK), and (4, UAE). The first row is highlighted.
